

Display Ad/Business Card Submission Information.

Display ads, to look good, need a quality copy of the ad. Please send a high resolution .jpg file (300 dpi or better is optimal) by email if possible (digital is preferred to hard copies). If your ad appears at all fuzzy, it will appear more so when copied into the Program. A pdf file of your ad will not copy as well as a higher resolution .jpg file. Also, ads that are very dark may have to be lightened. Text in ads with dark text over a dark background may be hard to distinguish.

Email address is for submission of digital ads is peggy777j@gmail.com

We can prepare an ad for you if you do not already have one or lack a means to produce one:

Include the text details you want included in the ad, as well as a copy of any logo or picture to be used, and a basic sketch of your idea/layout if you have a preference.

You can also mail your display ad to Peggy Jaeger at 3538 E Redfield Rd., Gilbert, AZ. 85234

If mailing, avoid folding your ad, as it is difficult to avoid the fold showing up in the scan of your ad.
